BENGALURU 560056

ABOUT THE INSTITUTION

Indian Institute of Plantation Management (IIPM) Bangalore, an autonomous organization of the Ministry of the Commerce and Industry, Government of India, established in 1993, to facilitate management education, training and research & consultancy for plantations and associated agri-business sector. It is co-promoted by the Commodity Boards of India and Agri-Plantation Associations & Industries. IIPM has international educational membership with the Association to Advance Collegiate Schools of Business (AACSB-USA) & the European Foundation for Management Development (EFMD-Brussels) and Permanent Accreditation from Higher Learning Accreditation Commission of Texas (HLACT-USA). IIPM has been recognized by AICTE-MHRD-Gol as a technical institution and its PGDM-ABPM Programme is accredited by National Board of Accreditation (NBA), New Delhi and accorded MBA Equivalence by Association of Indian Universities (AIU) -New Delhi. IIPM is serving as a premier National Institute focusing in the field of commodity plantation & associated agri-business management education.

ABOUT THE CONFERENCE

Endowing in agriculture is widely recognized as one of the most effective ways to alleviate poverty increasing the livelihood, improve, food security and reduces hunger and malnutrition. Embracing sustainable farming practices will contribute to the agro ecosystem exertions to meet the globe's current and future food requirements. Unique and specialized farming practices are experienced across the globe focusing on the holistic development of the environmental, social and economic sustainability of the farming community. The current agricultural farm practices of the emerging economies are unsustainable due to its negative implications on the resources and environment also the lack of sustainable agri farm business practices. In this context the proposed international Conference on Global Practices for Sustainable Agri Farm Business aims to bring together leading academicians, scientists, researchers, agri business management practitioners and research scholars across the globe to exchange and share their experiences and research results on all aspects of sustainable Agri Farm practices and business management strategies. It also provides a platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, engineering, technological applications and concerns as well as practical challenges encountered and solutions adopted in the field of agri farm business.

This conference serves as platform to the Academicians, research scholars, practitioners, policymakers and students to exchange knowledge and ideas on different verticals of sustainable agri-farm business.
