

## Short Report on Entrepreneurship Development Program (EDP)

As a part of Food Processing Skill Development and Incubation Centre, IIPM Bengaluru, training activities one day online Entrepreneurship Development Program (EDP) on “How to start a successful Food Business” was organized on 23/04/2022. The speakers of the program include Dr. Vivek Kambhampati, Assistant Professor (Food Technology and Management, IIPMB); Mr. Bhaskar, Assistant Professor (Finance and Accounting, IIPMB); and Mrs. Vinothini M, Technical Officer, IIPMB. A total of 15 participants including students from different Agriculture Universities, venture capitalist and working professionals actively took part in the program. The topics elaborated in the training comprises of three segments i.e., Scope and opportunities in Food processing in India by Dr. Vivek, an interactive session on Food industry set-up, sources of funding for budding entrepreneurs by Mr. Bhaskar and Quality and safety standards to be considered for setting up a food industry, licensing ISO, HACCP, FSSAI by Mrs. Vinothini M. At the end of the training, queries of the participants were clarified and enlightened on the basic ideas and factors to be considered for a startup business. The overall feedback of 4.3 was received from the participants. Few pictures of the training program have been attached below for the reference.
