ABOUT WORKSHOP

The workshop is a step towards strengthening the alignment between research and phenomena such as economic prosperity and innovation. With the increasing importance of cutting-edge research for both corporations and policymakers, academicians face a growing need to explore novel research avenues and publish their work in blue-ribbon-indexed journals and this workshop will address this need.

REGISTRATION FEE

Academicians/Industry =Rs 3000/-*

PhD Scholars = Rs 1500/-*

Students: Degree/UG/PG=Rs 800/-*

(*Including GST)

Registration Link:

Alternatively, fee can be paid by scanning the QR code displayed.

Workshop Objective:

The workshop is intended to provide participants with the foundational knowledge and skills needed to develop blue ribbon research manuscripts and publish them in ABDC, SCOPUS, and WEN OF SCIENCE-indexed journals.

The workshop will include sessions on the development of conceptual and empirical manuscripts, database accessibility, and journal selection, understanding editorial requirements, and handling the review process of high-quality journals for successful publication.

Learning Outcome:

- How to write research paper like introduction, literature review, research gaps identification, results, methodology, etc.
- To know the procedures involved in publishing research papers listed and indexed in ABDC, Scopus, and Web of Science journals.
- To follow the ethical principles and strategies while writing and publishing research output.
- To know anti plagiarism tools & to promote research using Social Media tools

Workshop Methodology / Pedagogy:

Lectures, group discussions, Interaction, experience sharing, and hands-on activity by the participants.

Participants may bring their current working papers for further discussion

Resource Persons:

Subject experts from IIMs, IITs, NITs, IIPMB and other institutions of national importance

Who can Participate:

This workshop is primarily meant for Academicians, Research Scholars, Doctoral students and Industry Practitioners.

CONTENT

- Research Ideas (selection of research topic, idea generation, problem definition)
- Manuscript development: Strategies for writing Abstract and Introduction
- Types of Literature review & gap identification
- Strategies for writing Literature Review and Conceptual Model
- Strategies for writing Results, Discussion Conclusion and implications
- Journal Selection & Advance Tools
- Publishing process and why manuscripts get accepted/rejected
- how to respond effectively to reviewers' comments
- Hands on session on Research paper – Participants paper, Sampling & Questionnaire Development, Qualitative Research Methods Tool & Techniques used in Research
- Citation & Referencing Types, Hands on Session on Plagiarism, Anti-Plagiarism tools, Promotion of research on social media
- Hands-on-training: Reference Management Software, Research Metrics, Ethics in Research & publication

LIMITED SEATS

Offered through first come first serve basis
