Reachout Programme on Agroforestry Model Development

Offline Training | 5th & 6th April, 2025 | Nelamangala -Bengaluru

ABOUT IIPM

Indian Institute of Plantation Management Bengaluru (IIPMB) is an exclusive sectoral institute with the capability and expertise to contribute to the Agri, Plantation, Horticulture, and Allied sectors from various dimensions-education, export facilitation, capacity building and training, policy research, research and development, and others to meet the demand of the sector. IIPMB aims to strengthen connections with associated stakeholders including the Agri-plantation Industry, Small, Medium, and Marginal Planters, Commodity Boards of India, other Agencies, and Academia.

ABOUT THE PROGRAM

The training aim for quality planting material production using standard nursery guidelines and Agroforestry training. Interactive teaching techniques and practical sessions should be employed to facilitate the learning with both technical and economic and use of existing networks to disseminate technologies is vital. The training program covers essential topics on nursery techniques and Agroforestry model development. Participants will learn about nursery classification, stock production, and pest management. Agroforestry sessions focus on timber species selection, economic benefits, and sustainable models. Practical sessions and field visits enhance learning, making this program ideal for farmers, entrepreneurs, and industry professionals.
